

2015 Sales Presentation

# BEAN BALE

## Why Bean Bale?

However simple, Bean Bale is a culmination of hard work, persistence and years of research and development to produce a product that appeals to all deer, in all regions.

Bean Bale is under the flagship company Antler Boost, a family run, land and deer management and nutritional deer feed company based in Hurtsboro, Alabama.

Bean Bale's goal is to take what deer already love and are accustomed to and reinvent it, in an effort to provide deer hunters with a pure, all-natural attractant that is guaranteed to attract deer no matter the region.

### Why Bean Bale?

- Deer Management/Deer Nutrition Since 2008
- Commercial Supplier for private and national deer properties across the nation
  - Portland Landing Lodge
  - Honey Lake Plantation
